

SONA GROUP OF INSTITUTIONS

Sona
Garage

Sona Garage is a concept based on historical breakthroughs in business as all major business houses started in a garage. Over the years our experience in varied business verticals namely through Education, Research, Technology, Manufacturing, Logistics, Plantations, Sports & Entertainment, Health, Wellness & Consulting has enabled business possibilities evolving through hi-technology & research.

The technology super market concept where Industry bodies and Start-up can leverage the vast resources available with us., like 200+ PhD's & their research studies on various fields, State of the Art Infrastructure, World class facilities, Largest Library & Knowledge bank, 36 R&D Centres, Top of the line Machineries & Labs, World Class Design & Development COE's & close to 10,000+ qualified engineering & management resources year on year.

Sona Garage is the first one of its kind Incubator models using Education & Research as the foundation. The vibrant & dynamic leadership of the Sona Group of Institutions embeds dreams of creating 100's of new ideas through ideation camps & bootstrapping them, creating successful businesses right at the centre of Tamilnadu i.e., Salem & the key objective is to elevate this city on the Global scenario.

Sona Tech Super Market focuses on the groups education talent pool & builds on creating a base for Companies for creating an industry connect through "SONASTAR INNOVATION Pvt Ltd a subsidiary of Sona Valliappa Group, in Business since 1920's. Sona Star enables Industry live projects through consulting solutions, implementation & support. These solutions offer a very high potential & growth due to our expertise in multi- functional technology, research & industry experience.

During the pandemic the Sona Group of Institutions gave utmost importance to the health aspects which became highly prominent in our endeavours to create awareness, save lives, improve immunity & provide the necessary provisions for the community as a whole. "Sona Medical College of Naturopathy & Yoga" was started to cater to Indian heritage medicine bringing back age old traditional practice blending with technology.

Sona Group of Institutions & Sona Star has a vision through Mr. Thyagu Valliappa (Vice Chairman) to create seamless transformation from a student to an engineer. "The main purpose is being ready to get employed as a capable engineer who have completed projects, has a vision to innovate and who can be an immediate asset to the company creating an all-round, multifaceted personality with relevant knowledge, skill & innovative thinking".

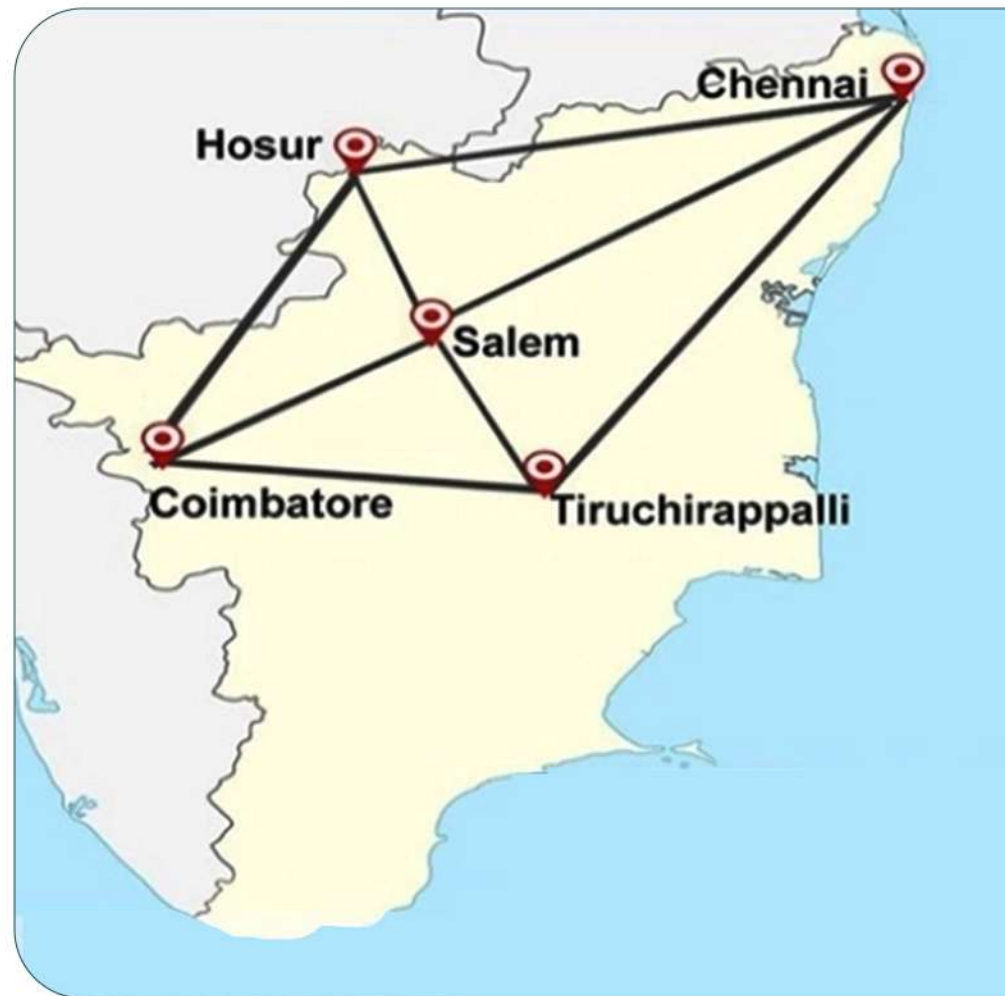

He has also been instrumental in creating a World class health & natural habitat not only for heritage medical education but also for creating a multi-specialty heritage Ayush health clinic & 'SONA GRAMA'. Sona Grama is India's first Multi-Specialty Health, Wellness & Rejuvenation Resort Centre, specialized in catering to the wellbeing & rehabilitation for sports & medicine, post-surgery.

Sona Group of Institutions is committed to breed Innovation, Integration & Incitation framework in order to create 1000's of successful individuals & contribute to the nation under the umbrella of 'Make in India' Concept.
